At a meeting of Wide Awake Grange Saturday night the anarchist question was discussed. It was the sentiment of the meeting that they must go and if we have not sufficient laws to exterminate them, enough should be called together to make laws that will rid this country of this dangerous element.

## Another Extra.

As soon as the news reached this office that President McKinley was sinking arrangements were made to issue an extra on Saturday morning and before 6 o'clock on the morning of Sept. 14 we had an extra on the street containing the particulars of the President's death, a biographical sketch of numerous illustrations. To say that this paper was well received is expressing it mildly. Besides supplying all our Vermont subscribers with the extra on the morning mails nearly 2000 papers were sold in this town and vicinity by enterprising newsboys. Charles A. Chapman easily led the newsboys, selling 260 papers Saturday forenoon between St. Johnsbury and West Concord, and at Lyndonville, Mr. Chapman stopped at every farm house en route as many of his customers had not heard that the President was worse they were totally unprepared for the sad news. Some of the men broke down completely as they first heard the news. One man bought an extra to file with papers containing the news of the death of Lincoln and also of Garfield.

The issuing of the extra involved lots of night work, some of our force staying up the entire night to get the news and prepare it for publication. For the publication of the details of the dying hours of the President we are indebted to telephone messages from the Burlington Free Press, an act of newspaper courtesy which we are very glad to publicly acknowledge.

## Carpenter-Pendridge.

Raymond Carpenter of New York and Miss Isabel Miller Pendridge of this place were married last Wednesday morning at "Sheepscote," by Rev. Dr. Edward T. Fairbanks. They went to the groom's home at Barton for a few days and after October 1 will be "at home" at No. 694 Nostrand avenue, Brooklyn. The bride was one of St. Johnsbury's most popular dressmakers and the groom is a former Academy student and later worked in the machine shop at the scale factory. He is now a draughtsman in the office of Volney W. Moson, Jr., manufacturer of ore crushing machinery. Their many friends extend congratulations.
